Lyrics

Take it Out Back

Ashes from the woodstove filling up the bucket
Spilling out the top, so where am I gonna chuck it?
Take it out the back door to where I never mow
Find a little spot that no one'll ever go to

Chorus

That old TV - it quit on me brother
Ten years ago - I got me another
First one's sitting out by the porch swing
With the fridge and the stove and a bunch of other things

Chorus

That rusty old car - it's got no motor
If it had any gas I'd try to explode her
Hubcaps, hoods, and old transmissions
Take 'em to the river - gonna make for good fishing

Chorus

The food in the fridge - it's all turned green
And the chicken bones that have been picked clean
Some on the counter - some on the floor
Let's take 'em out the back door

Chorus

Chorus

Take it out back and dump it in the river
Take it out back and throw it in the woods
Take it out back and chuck it down the hillside
Keep the front yard looking good
